Blueprint

Artist: Northern Trails

Music & lyrics: Thomas Isberg

Tell me something I've already seen
When your eyes blink
Take me somewhere I've never been

Into the heart of this
Into the heart of this
The loneliest time
Every time
You say goodbye
Every time

Take this plan and run away with it
It's a blueprint
Take me somewhere I've never been

Into the heart of this
Into the heart of this
The loneliest time
Every time
You say goodbye
Every time
