Body

Artist: ARMOURS

Music & lyrics: Håkan Ängquist

Breaking the frame
You're conversating
Sad to say

Making my claim
We are converting
Find your way

The way your body explains
The way your body explains
The way your body explains
The way your body explains

Making your claim
Two generations
Made to stay

The way your body remains
The way your body remains
The way your body remains
The way your body remains
