

Everything I Need

Artist: Northern Trails

Music & lyrics: Thomas Isberg

I watch you in silence.
Everything I need is dancing and smiling
Sparkling like the tree.

Oh, how I fall with the snow.
You don't see me blush.

Frost bites tears shy.
Behind a worn out mask.
Bells call. Small feet pound.
Peeking through the glass.

Oh, how I fall with the snow.
They can't tell for sure.
Oh, how I fall with the snow.
Our eyes meet. You mime three words.

Found my way this Christmas.
Found my way this Christmas.
Found my way this Christmas.

Oh, how I fall with the snow.
You don't see me blush.
