Please Let Me Down

Artist: Northern Trails

Music & lyrics: Thomas Isberg

Don't wear my crown
I wish I could call you up and lie
I would not cry
if I wasn't chained here by your side

I belong with you
Always thought I should
My will is broken
longing for strength to choose

You're so full of emptiness
Please let me down
My heart may drift to something else
Don't wear my crown
Please let me down
Please let me down

Time goes away
I wish it could leave with all my shame
What can I do to make you see?
What can I do to make you bleed?

You're so full of emptiness
Please let me down
My heart may drift to something else
Don't wear my crown
Please let me down
Please let me down

You're so full of emptiness

You're so full of emptiness

You're so full of emptiness

You're so full of emptiness
