Northern Trails – Hearts Went Frozen EP

About the release

Northern Trails loves to put love in the hands of maniacs. The songs on *Hearts Went Frozen EP* are relationship reflections by characters well aware of their twisted morals and lack of social skills. There's a dark energy driving the lyrics, but the energizing music and poetic language still deliver relatable and likeable love songs.

Northern Trails are rooted in Americana, 90s Britpop and Swedish indie pop tradition. The band dresses timeless and melancholic melodies in Americana costumes and adorns them with genre-crossing pearls. The recordings on *Hearts Went Frozen EP* are based on live performances. It is important for the band to capture human imperfection and spontaneity while at the same time sounding neat and well-packaged.

About Northern Trails

Northern Trails make warm, melody-first guitar pop that feels like it was always there — somewhere between the emotional depth of R.E.M.'s *Automatic for the People*, the sweeping melodic instincts of Keane, and the quiet grandeur of early Coldplay. Rooted in the 90s indie tradition, they make music for people who still believe in the power of a well-written song.

The band came together in Uppsala, Sweden in May 2022, when Christer Tinnerholm and Thomas Isberg decided it was time to spend a little less time on ultra running and a little more on pop music. Joined by Per Larsson and Ulf Eklund, they recorded *Hearts Went Frozen EP* and released it late 2023. Thomas Strömbom heard the single *AQ* on Swedish radio and asked if the band needed a keyboard player. Northern Trails has performed as a quintet ever since.

Since then the band has built a steady catalogue of singles and a growing reputation on the Swedish live circuit. In spring/summer 2026 they return with a run of new singles and a new EP.
