Hearts Went Frozen

Artist: Northern Trails
Music & lyrics: Thomas Isberg

I could never see the angelic part of me.
Stashed away where wilderness grow.
Words that fell on me. "He was born for evil deeds."
Such a pity. Who's left to blame?

Hearts went frozen over the lake.
Hearts fell over.

Hearts went frozen over the lake.
Hearts went frozen over the lake.

Learned to pray on weak. Was taught to lie and cheat.
Impersonating far better men.
Believed a misbelief. There's water in our midst.
Found a way to hide in the reed.

Hearts went frozen over the lake.
Hearts fell over.

Hearts went frozen over the lake.
Hearts went frozen over the lake.

Palms with deep cuts, tied behind backs.
Eyes with fear and panic in them.
Silenced when their hearts went frozen.
