

Northern Trails – Through The Grain

About the release

Through the Grain was written as a tribute to moments when you feel like everything suddenly clears up and you step over the threshold to new territory – something that can happen after a long struggle to learn something new, but can just as well happen in an instant with a glass of beer.

The song was first released as opening track on *My Mind Is Open* – an LP with

Uppsala based bands released by Open Mind Records in December 2023. Now it's also available for streaming, although in a slightly different version with a banjo that is not included in the LP version.

About Northern Trails

Rooted in Americana, 90s Britpop and Swedish indie pop tradition, Northern Trails has a way of presenting timeless melancholic melodies in traditional pop and rock costumes decorated with genre-crossing pearls.

The band was formed in Uppsala, Sweden in May 2022 when Christer Tinnerholm and Thomas Isberg agreed to focus a little less on ultra running and more on pop music. Together with friends Per Larsson och Ulf Eklund they put *Hearts Went Frozen EP* on tape and released it in November 2023. Thomas Strömbom enjoyed the single *AQ* on the radio and asked the band if they needed a keyboard player, and Northern Trails has ever since performed as a quintet.
